SUMMARY

Dedicated and motivated software developer/cybersecurity intern with a passion for technology and a strong desire to expand knowledge and skills in the field. Proficient in coding, debugging, and problem-solving, with a foundational understanding of cybersecurity principles. Eager to contribute to projects and collaborate with teams, leveraging a solid academic background in computer science and cybersecurity. Seeking an internship opportunity to gain practical experience, enhance cybersecurity expertise, and apply software development skills in a real-world setting. Committed to maintaining the highest level of security and integrity in software solutions.
